- Land Use;
- Mobility;
- Parks and Recreation;

- Public Health and Safety

The City of Westminster also elected to prepare two optional elements to address special community priorities:

- Community Design

AGENDA

August 31, 2016

An Implementation Plan, prepared concurrently with the General Plan, establishes the actions needed to be carried out so that the vision, goals, and policies identified in the General Plan can be achieved.

An Environmental Impact Report (EIR) has been prepared as a companion document to the General Plan and assesses the potential environmental impacts generated and mitigation measures to address the impacts.

CEQA: The Draft Environmental Impact Report has been prepared in accordance with the California Environmental Quality Act (CEQA). According to Section 15168 of the CEQA guidelines, a Program EIR may be prepared for a series of actions that can be characterized as a single project. The EIR prepared for the General Plan meets the requirements for a Program EIR. The EIR assesses the potential impacts that are generated by the goals and policies of the General Plan, and identifies mitigation measures to address those impacts. Unavoidable significant adverse impacts have been identified in four environmental topic areas: 1) Air Quality; 2) Greenhouse Gas Emissions; 3) Noise; and 4) Transportation and Traffic.

The Draft EIR and Technical Appendices were available for public review and comment for the 45 days from July 1, 2016 through August 18, 2016. Draft response to comments have been prepared for the Planning commission's consideration.

RECOMMENDATION:
